This morning, a new park-and-ride program kicked off near north Thomasville Road thanks to the Park And Ride Community (PARC) project. Residents in the area can simply park in the designated lot and catch a bus ride the rest of the way to work.

Ron Garrison, Executive Director with Star Metro says, "The Greenovation Group, they came to us with this great idea to start a park and ride lot. All we had to do is have the bus here on time."

LaRay Donnellan, co-leader of PARC, says, "It's a great way to get downtown without having to drive and so you can relax and use the time to read or do whatever else you'd like to do, and it's also a wonderful thing for the environment."

The new program is seeking more North Thomasville Road Riders. If all goes well, we might see more of these services in Tallahassee. To learn more about Park-and-Ride, visit parkandridetallahassee.com.
